

*****UPDATE*****

NOTICE OF PUBLIC HEARING ABOVEGROUND TANK (AST) REGULATIONS (Modified) –

The purpose of this meeting is to discuss the AST regulations. This meeting will take place on **December 6 beginning 6pm** and held at the Lukens Drive Office, 391 Lukens Drive, New Castle, 19720, New Castle County. For additional information, please contact Alex Rittberg at (302) 395-2500; or visit:

<https://egov.delaware.gov/pmc/Event/Details/39458>

BOILER SAFETY PUBLIC WORKSHOP – CARBON MONOXIDE (Updated) - The purpose of this meeting is to review and discuss draft changes to Boiler Safety Rules and Regulations.

Meeting will be take place on **December 8 beginning 1pm** at Lukens Drive Offices, Pat Ellis Conference Room: 391 Lukens Dr., New Castle, 19720. For additional information contact Alex Rittberg at 302-395-2500; or visit:

<https://publicmeetings.delaware.gov/Meeting/50032>

NEWS FROM DNREC'S OFFICE OF ENVIRONMENTAL PROTECTION, 11/29/16

The biweekly E-News Update features current information on the Divisions of Air Quality (DAQ), Waste and Hazardous Substances (WHS), and Water regarding public meetings, workshops, hearings, and regulatory documents available for public comment, as well as general news updates. For those of you who are receiving the E-News Update for the first time, the subscription is FREE!

Please sign up at: <http://www.dnrec.delaware.gov/Pages/DNRECLists.aspx> under "Division of Waste & Hazardous Substances Lists." There is no form to fill out; it's done in three clicks!

Suggestions? Additions? Please call Kathy Nedelka at 302-739-9400, or send an email to

RE: Approving Final Regulations to Amend 7 DE Admin. Code §1125: Requirements/or Preconstruction Review, specifically, to revise Table 1-1, "Global Warming Potentials"

UPCOMING AIR, WASTE, & WATER-RELATED HEARINGS, MEETINGS, & EVENTS

NOTICE OF PUBLIC HEARING JOHNSON CONTROLS BATTERY GROUP, INC- The Department will conduct a public hearing on the Regulation 1102 Natural Minor permit application submitted by Johnson Controls Battery Group, Inc. for the installation of Chemsets and an expansion of its Facility at 700 North Broad Street, Middletown. This consists of constructing eight curing and drying ovens (Chemsets), four Sovema Lead Oxide Mills, a pellet caster feeding all Sovema Lead Oxide Mills, construction of nine new silos for lead oxide storage, relocation of two existing silos and weigh hoppers emissions to new baghouses, two new surge hoppers, two new screening towers, a central vacuum system with a dedicated baghouse, relocation of two existing pasting lines, addition of two new pasting lines, relocation of the existing strip caster and trim dry oven to a common baghouse, and relocation of the North

and South Barton melting pots to new baghouses. The public hearing will be held in the auditorium of Appoquinimink High School, 1080 Bunker Hill Road, Middletown on November 30 at 6:00 pm. For additional information or for an appointment to inspect the application, please contact Angela Marconi or Chavis Bianco in the New Castle Office at (302) 323-4542. Public comments may be presented orally or in written form at the public hearing, and written comments may be submitted in advance without attending the public hearing, if received prior to the hearing. Persons who want to speak at the public hearing are encouraged to register in advance, no later than **November 29**, and this registration will be used to determine the order of speakers at the public hearing. Registration should be sent by email to: Robert.Haynes@state.de.us, or USPS to DIVISION OF AIR QUALITY, State Street Commons, 100 W. Water Street, SUITE 6A Dover 19904, (302) 739-9402. For more information please visit:

HSCA ADVISORY COMMITTEE (FORMERLY BROWNFIELDS ADVISORY COMMITTEE) –

The Committee will hold a public meeting to review, provide guidance and input for DNREC's cleanup programs related to the Hazardous Substance Cleanup Act (HSCA). This meeting will take place on **December 1** from 9:00am to 12:00pm at the Lukens Drive Field Office, 391 Lukens Drive, New Castle, 19720, New Castle County. For additional information, please contact Christina Wirtz at (302) 395-2600 or visit:

<https://egov.delaware.gov/pmc/Event/Details/39373>

BOARD OF CERTIFICATION FOR WASTEWATER OPERATORS MONTHLY MEETING – This

is a regular monthly meeting of the Board of Certification for Wastewater Operators. Meeting will take place on **December 6** from 9am to 11am at the Richardson and Robbins Building, Conference Room B172: 89 Kings Highway, Dover, 19901. For additional information contact Faye Wheeler at (302) 739-9946; or visit:

<https://egov.delaware.gov/pmc/Event/Details/33002>

NOTICE OF PUBLIC HEARING ABOVEGROUND TANK (AST) REGULATIONS (Modified) –

The purpose of this meeting is to discuss the AST regulations. This meeting will take place on **December 6** beginning at 6pm and held at the Lukens Drive Office, 391 Lukens Drive, New Castle, 19720, New Castle County. For additional information, please contact Alex Rittberg at (302) 395-2500; or visit:

<https://egov.delaware.gov/pmc/Event/Details/39458>

ON-SITE SYSTEMS ADVISORY BOARD MEETING – will be held on **December 7** from 9:15am to 11:30am at the Richardson and Robbins Building, Conference Room B228: 89 Kings Highway, Dover, 19901. For additional information, contact Dawn Dryden, 302-739-9948; or visit:

<https://egov.delaware.gov/pmc/Event/Details/39452>

BOILER SAFETY PUBLIC WORKSHOP – CARBON MONOXIDE (Updated) - The purpose of this meeting is to review and discuss draft changes to Boiler Safety Rules and Regulations. Meeting will be take place on **December 8** beginning 1pm and held at Lukens Drive Offices, Pat Ellis Conference Room: 391 Lukens Dr., New Castle, 19720. For additional information contact Alex Rittberg at 302-395-2500; or visit:

<https://publicmeetings.delaware.gov/Meeting/50032>

NOTICE OF PUBLIC HEARING Hercules, LLC – The Department will conduct a public hearing on the Regulation 1130 Synthetic Minor permit application submitted by Hercules, LLC for the operation of a spray drying process consisting of two (2) PSD-1 Spray Dryers, one (1) SD Micro Spray Dryer and one (1) MP1 Fluid Bed located at 500 Hercules Road in Wilmington. The public hearing will be held at the Mill Creek Fire Company, Chambers Memorial Hall, at 3900

Kirkwood Highway, Marshallton 19808 on **December 8** at 6:00 pm. For additional information or for an appointment to review the proposed permit, please contact Angela Marconi or Lindsay Rennie in the New Castle Office at (302) 323-4542. Public comments may be presented orally or in written form at the public hearing, and written comments may be submitted in advance without attending the public hearing if received prior to the hearing. Persons who want to speak at the public hearing are encouraged to register in advance no later than **December 7** and this registration will be used to determine the order of speakers at the public hearing. Registration should be sent by email to: Robert.Haynes@state.de.us, or USPS to DIVISION OF AIR QUALITY, State Street Commons, 100 W. Water Street, SUITE 6A Dover, 19904, (302) 739-9402. PUBLIC WORKSHOP ON THE Proposed Amendments to Delaware's Regulations

Governing Solid Waste – The department will hold a public workshop December 13 at the DNREC auditorium at the Richardson & Robbins Building in Dover, located at 89 Highway, Dover, DE 19901, from 3:30 - 5:30 p.m. to discuss proposed amendments to Delaware's Regulations Governing Solid Waste (DRGSW). The informational workshop will offer the public an opportunity to have the amendments explained and to ask questions about and provide comments on the proposed amendments. The purpose of these amendments is to adopt requirements regarding the management of Coal Combustion Residuals (CCR), commonly known as coal ash, to increase protection of human health and the environment, to modify outdated or obsolete solid waste regulations, to add clarifying language for Industrial Landfills, and to correct typographical errors. DNREC encourages all interested parties to attend. Additional written comments will be accepted until **December 20**. For more information please contact Alison Kiliszek at 89 Kings Highway, Dover, 19901, or 302-739-9403, ext. 8, or email: Alison.Kiliszek@state.de.us. For more information visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3518&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeId=0x010034FD6D348B0CF04392485E93FC15AB3A>

WATER WELL LICENSING BOARD MEETING – This meeting is to review prior month's meeting minutes and new driller applications. This meeting will be held on **December 13** from 9:30 am to 11:00am at the Richardson and Robbins Building, 89 Kings Highway, Dover, 19901. For additional information contact Lori Foraker at 302-739-9944; or visit:

<https://egov.delaware.gov/pmc/Event/Details/39429>

WATER SUPPLY COORDINATING COUNCIL MEETING - The Council will hold a meeting on **January 26, 2017** from 10am to 12pm at the Kent County Administration Complex, Conference Room 220,555 Bay Road, Dover, 19901. For additional information, please contact Kimberly Burris at (302) 739-9945; or visit:

<https://egov.delaware.gov/pmc/Event/Details/39268>

OPT-IN! THE DELAWARE DIVISION OF AIR QUALITY (DAQ) is committed to working with citizens to continuously optimize Delaware's air quality and protect public health, welfare, and the environment. To determine that the DAQ is meeting the air quality needs of the citizens across the state, we encourage you to participate in our opt-in list. In the future you will receive surveys that will allow us to analyze our performance. You can access the opt-in list by clicking:

https://survey.co1.qualtrics.com/jfe/form/SV_1RGZGUYt8fSugkB

AIR QUALITY PERMITTING PROGRAM – Notice has been given that the facilities listed below have submitted applications for air quality management permits. The applications, the “draft/proposed” permits, all materials that the applicant has submitted (other than those granted confidential treatment under DNREC rules), and a copy of summary of other materials, if any, considered in preparing the “draft/proposed” permit, may be inspected at the offices of the

Division of Air Quality, 100 W. Water Street, Suite 6A, Dover, 19904. **All comments and public hearing requests** should be mailed to the following address: DIVISION OF AIR QUALITY, 100 W. Water Street, Suite 6A, Dover, 19904. To submit comments, for additional information, or for an appointment to inspect the application, please contact Penny Gentry at (302) 739-9402.

NOTICE IS HEREBY GIVEN that Aearo Technologies LLC located at 650 Dawson Drive, Newark has submitted a request for a permit renewal pursuant to 7 DE Admin. Code 1130, Section 7 for operating permit: AQM-003/00073 Renewal (3) (Rev. 1). Based on the data and certifications contained in the application, the Division of Air Quality concludes that the applicant meets all applicable requirements promulgated by the Environmental Protection Agency (EPA) and the Department of Natural Resources and Environmental Control (DNREC). Therefore a “draft/proposed” permit renewal has been prepared. This “draft/proposed” permit renewal removes the Organic Chemical Mixing Room and Cold Solvent Degreaser, and corrects the contents and capacities of five storage tanks. A public hearing concerning the permitting action will not be held unless the Secretary receives a request for such hearing by **November 29**. A request for a hearing shall be in writing and must show a familiarity with the application and a reasoned statement of the permit renewal’s probable impact. For more information visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3468&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAIItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

NOTICE IS HEREBY GIVEN that Air Liquide USA, LLC has submitted an application, pursuant to 7 DE Admin. Code 1102, Section 2.1, 11.2.9, and 12.3 for construction of Coater F at 304 Water Street, Newport. Air Liquide USA, LLC requests a limit for Volatile Organic Compound emissions from the new equipment to be 1.03 lbs/hr, 24.5 lbs/day and 4.5 tons/12 month rolling period. Air Liquide USA, LLC requests an Annual Facility Wide Limit for Volatile Organic Compound emissions of 22.5 tons/year which is an increase of only 3 tons/year. A public hearing concerning the permitting action will not be held unless the Secretary receives a request for such by **December 6**. A request for a hearing shall be in writing and must show a familiarity with the application and a reasoned statement of the permit’s probable impact. For more information visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3505&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAIItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

WHS - SITE INVESTIGATION AND RESTORATION SECTION (SIRS) is responsible for the identification, evaluation and remediation of sites in Delaware that have had past releases of hazardous substances. The section manages the contaminated sites under three major programs in accordance with the Hazardous Substance Cleanup Act (HSCA). The three programs are the **Brownfields Development Program, the Voluntary Cleanup Program (VCP) and the HSCA Enforcement Program** (for sites requiring enforcement action).

The Brownfields Development Program encourages the cleanup and redevelopment of vacant, abandoned or underutilized properties, which may be contaminated. A party seeking to develop such a property negotiates with SIRS for a **Brownfields Development Agreement (BDA)** to perform an investigation and, if necessary, a remedial action or remedy, for the purpose of addressing the risks posed by past releases of hazardous substances at these sites. However, a BDA is only available to parties that are not current site owners. The **Voluntary Cleanup Program (VCP) Agreement** is available to site owners who want to clean up their sites and are already liable as a potentially responsible party for the site.

NOTIFICATION OF PUBLIC COMMENT FOR A BROWNFIELDS DEVELOPMENT AGREEMENT FOR THE 201 GOLD PROPERTY SITE (DE-0323). The department negotiated a BDA with the City of Wilmington regarding the 201 Gold Property Site (Site), located at 201 Vandever Avenue in Wilmington. Identified by New Castle County as tax parcel number 26-029.20-095, the 0.71 acre Site may have had a release of hazardous substances as a result of commercial/industrial use and its proximity to an underground storage tank. The public comment

period will end on **December 5**. Please submit written comments to the Project Manager, Morgan Price at SIRS, 391 Lukens Drive, New Castle 19720. For more information visit:
<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3511&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

NOTIFICATION OF NEGOTIATIONS FOR A BROWNFIELD DEVELOPMENT AGREEMENT FOR THE 1001 GARASCHE LANCE SITE (DE-1556). The department is negotiating a Brownfield Development Agreement with Delaware Lawn Crew LLC regarding the 1001 Garasches Lane Site located at 1001 Garasches Lane in Wilmington. Identified on the tax maps of New Castle County as parcel number 26-057.00-034 the 2.49 acre Site may have had a release of hazardous substances from former use as a salvage yard. The public comment period will end **December 5**. For additional information contact Project Manager, Karissa Hendershot at (302) 395-2600; or visit:
<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3510&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

The Proposed and Final Plans of Remedial Action listed below outline site cleanup activities and covenants and are available online at:
<http://www.dnrec.delaware.gov/whs/awm/SIRB/Pages/SIRBPlans.aspx> under "Announcements." For site-specific information, please see DNREC's Environmental Navigator at:
<http://www.nav.dnrec.delaware.gov/DEN3>

FINAL PLAN OF REMEDIAL ACTION FOR THE CASPER'S AUTO PARTS (DE-1185). The department has adopted a plan regarding the clean-up of the Casper's Auto Parts Site located in Wilmington. The site is currently used as an automotive parts salvage and storage yard, and is likely to remain industrial. The department requires the following remedial actions for the site which will need to be completed before a Certificate of Completion of Remedy (COCR) can be issued: a soil or impervious materials cap; perimeter fencing; an Environmental Covenant; a Contaminated Materials Management Plan (CMMP); and a Long-Term Stewardship (LTS) plan. The department issued public notice of the Proposed Plan for the Casper's Auto Parts Site on October 16. There were no comments or questions from the public regarding the Proposed Plan. The public may appeal this Final Plan by **December 5**. For additional information, please contact Morgan McGee-Solomon, Project Officer at (302) 395-2600; or visit:
<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3509&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

FINAL PLAN OF REMEDIAL ACTION FOR THE Possum Park Mall Dry Cleaner Site (DE-1629) - The Department has adopted a plan regarding the clean-up of the Possum Park Mall Dry Cleaner Site located in Newark. The Site, once used as dry cleaning facility, requires an environmental covenant restricting future use of groundwater. DNREC issued public notice of the Proposed Plan on October 23. There were no comments or questions from the public regarding the Proposed Plan. The public may appeal this Final Plan until **December 12**. For additional information, please contact Paul Will at (302) 395-2600; or visit:
<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3522&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

PROPOSED PLAN OF REMEDIAL ACTION FOR THE BOWEN TRACT SITE (DE-1623) - The Department invites public comment on a proposal to clean up the Bowen Tract Site located at 838 Yorklyn Road in Hockessin. The 17-acre Site is currently undeveloped, but was used for mining of minerals in the past. Localized soil impacts

from arsenic (in the area of the former kiln) exceed risk calculations for the proposed residential reuse of the property. The Proposed Plan of Remedial Action involves removal and disposal of the arsenic impacted soil. The comment period ends on **December 12**. For additional information, please contact John Cargill, Project Manager at (302)395-2600; or visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3521&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

PROPOSED PLAN OF REMEDIAL ACTION FOR THE 0 Red LION ROAD SITE (DE-1628) - The Department invites public comment on a proposal to clean up a portion of the 0 Red Lion Road Site, Bear, Delaware (DE-1628). The eastern portion of the Site operated as a borrow pit for the remediation of the adjacent Tybouts Corner Landfill National Priorities List site and activities encroached on the Site. There are a few small piles of debris located onsite from historical illegal dumping activities. The historical use of the property impacted the groundwater. The Site is proposed to be redeveloped into residential use. The comment period ends on **December 12**. For additional information, please contact Morgan Price, Project Manager, at (302)395-2600; or visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3520&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

SOLID AND HAZARDOUS WASTE MANAGEMENT SECTION - The Solid and Hazardous Waste Management Section (SHWMS) hereby gives notice that a permit application has been received from the following companies to transport regulated RCRA hazardous and/or non-hazardous solid wastes in, out of, or through the State of Delaware. The applications are available for review by appointment during business hours at our agency Solid & Hazardous Waste Management Section office at 89 Kings Highway, Dover and also at our Lukens Drive office at 391 Lukens Drive in Wilmington.

NOTICE IS HEREBY GIVEN THAT Bristol Environmental, Inc.; JM Express, Inc.; MDM Contracting; Neuber Environmental Services has submitted a permit application. A public hearing concerning the application will NOT be held unless the Secretary, in care of Karen J'Anthony, receives a meritorious request for a hearing by **December 8**. A request for a hearing must be in writing and shall state the nature of the issues to be raised at the hearing. It must also show a familiarity with the application and a reasoned statement of the activity's probable impact. For more information visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3527&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

NOTICE IS HEREBY GIVEN THAT Resource Recovery Facility Permit #SW02b16 issued to Clean Earth of New Castle, LLC (CENC) has received a request to modify and renew. The permit application is for CENC's operation of a thermal and biological desorption facility located at 94 Pyles Lane, New Castle for the processing of non-hazardous petroleum hydrocarbon contaminated soils. The Department intends to make modifications to the permit as well. A public hearing concerning the resource recovery facility permit will NOT be held unless the Secretary receives a request for such a hearing by **December 8**. A request for a hearing shall be in writing and must show a familiarity with the application and include a reasoned statement of the probable impact. To submit comments, please contact Mindy Anthony, 89 Kings Highway, Dover, 19901, 302-739-9403 ext. 8, email mindy.anthony@state.de.us or visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3525&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAAllItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

DIVISION OF WATER - GROUND WATER DISCHARGES -The Division of Water hereby gives notice that the applications below are available for inspection or copies may be obtained by contacting: Kathleen Saunders, Ground Water Discharges, 89 Kings Highway, Dover 19901, or by calling (302) 739-9948.

DIVISION OF WATER - SURFACE WATER DISCHARGES – The Division of Water hereby gives notice that the following permit applications have been received.

Wastewater Facilities Construction Permit Application

The Delaware Department of Transportation is scheduled to proceed with a Highway Safety Improvement Project (HSIP) in 2017. Artesian Wastewater Management is installing two sewer force mains in Harbeson in advance of the HSIP. The force mains are intended for future use, but are being installed in advance of the HSIP in order to prevent additional disruption to the area after the HSIP is complete. The force main project consists of 1,600 ft. of dual force main on the west side of Route 5; one is 6 inch diameter PVC C900 pipe and the other is 14 inch diameter PVC C905 pipe. Questions regarding the applications and plans for the above are available for inspection by contacting: Greg Pope, P.E. Environmental Finance, Office of the Secretary, 5 E. Reed Street, Suite 200 Dover 19901, (302) 739-9941. A public hearing concerning the above application will NOT be held unless the Secretary determines that a hearing is in the public interest or if a written meritorious request for a hearing is received by **December 4**. A request for a public hearing shall be deemed meritorious if it exhibits a familiarity with the application and provides a reasoned statement of the permit's probable impact. For additional information visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3519&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAIItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

Agricultural Utilization Permit

Clean Delaware, LLC has requested renewal of their existing agricultural utilization (AGU) permit, State Permit Number AGU 1202-S-03. The existing AGU permit authorizes the land treatment of stabilized biosolids generated at small volume wastewater treatment facilities and other approved wastes at agronomic rates onto three non-contiguous farms comprising a total of approximately 280 acres. The Milton Farm is located approximately one mile northwest of Milton, Delaware, the Harbeson site is located in the center of Harbeson, and the Ellendale site is located approximately two miles east of Ellendale. The existing AGU permit also authorizes the application of lime stabilized septage at agronomic rates onto a designated portion of the Milton Farm. Parts III and IV of the Department's Guidance and Regulations Governing the Land Treatment of Wastes allows for such activity pending public notice. Copies of the application above are available by contacting: Brian Churchill, Surface Water Discharges Section, 89 Kings Highway, Dover 19901, (302) 739-9946. A public hearing on the above application will NOT be held unless the Secretary determines that a public hearing is in the public interest or if a written meritorious objection to the application is received by **December 23**. A public hearing request shall be deemed meritorious if it exhibits a familiarity with the application and provides a reasoned statement of the action's probable impact. For more information visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=3524&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAIItems%2Easpx&ContentTypeld=0x010034FD6D348B0CF04392485E93FC15AB3A>

Distribution and Marketing Permit – Request for Renewal

The City of Seaford currently has a permit for the distribution and marketing of a Class A Exceptional Quality (EQ) compost product. The facility is located on the south side of the Seaford, adjacent to the Nanticoke River. The City of Seaford composting operation consists of the blending of organic waste products (Biosolids) from the Seaford Wastewater Treatment Facility with bulking materials consisting of wood chips, tire chips, and other similar bulking materials. The composting operation (stabilization) employs the aerated static pile method in which the

compost matrix must achieve regulated time, temperature, and oxygen requirements. Finished compost is sampled for bacterial, chemical and nutrient content to assure compliance with state and federal regulatory requirements as a Class A EQ biosolid product. Finished compost may be distributed under the D&M permit to individuals or commercial entities for use in agricultural and horticultural applications as a soil amendment. The City of Seaford requests that their existing permit for the production of composted biosolids product be renewed under the Department's Guidance and Regulations Governing the Land Treatment of Wastes, Part III, B., Regulations Governing the Land Treatment of Sludges and Sludge Products which allows for such activity pending public notice. Copies of the application referenced above are available by contacting: Brian Churchill, Surface Water Discharges Section, 89 Kings Highway, Dover, 19901, (302) 739-9946. A public hearing on the above application will NOT be held unless the Secretary determines that a public hearing is in the public interest or if a written meritorious objection to the application is received by **December 23**. A public hearing request shall be deemed meritorious if it exhibits a familiarity with the application and provides a reasoned statement of the action's probable impact. For more information visit:
